

IVER LAWSON NOW
KING OF PLUGGERSEasily Defeats Samuelson and
The Field in Australian
Pursuit Race.

IS CHALLENGED BY SAMMY.

Provo Boy Thinks He Can Beat Law-
son With a Start Half a Lap
Away From Him.

Iver Lawson proved before packed
bleachers at the Salt Palace last night
that he is nothing if not versatile, and
that all one has to do to keep the dust
off his laurels, is to occasionally hand
the crowd a surprise or two.

This season it has been all Iver at the
track. It has been Lawson and others
who have been doing the racing, and if
any one thing is responsible for the big
crowds down there it is Iver's terrific
spurts. Last night he varied the program
to show Samuelson that even in a plug-
ging proposition he travels in the slow
freight class.

Iver surprised everyone including him-
self probably, by winning the Australian
pursuit race. People thought it was a
breast tick race for Sammy, and hardly
took interest in watching it, expecting
him to come in first and get his ticket
punched. It proved not to be so, however,
as Lawson only showed he was genuine
for victory. Eight men started in the
race, and Munro went out first, then
Palmer, Hargrett, Hopper and Lawson
were left in the race. This left Samuel-
son, with Fogler half a lap ahead of
him, and Lawson near the rear wheel
of Sammy.

Things looked interesting at once, as
the people realized that the plugging
race was a real one, and that the
pursuit proposition, had the king of the
sprint game at his heels, and if Iver still
started right back he was in the way
of victory. Eight men started in the

Palmer, Hargrett, Hopper and Lawson

Prevent
Headache

We want you to know that
Dr. Miles' Anti-Pain Pills pre-
vent as well as relieve head-
ache, and that they leave no
bad after-effects. We assure
you that if taken when you
first discover indications of an
attack, they will drive it away,
and thus not only save you the
misery and distress, but the
weakening influence of pain
upon your system. Used in
this way the attacks become
less frequent, and eventually
entirely disappear. They re-
lieve pain by strengthening the
nerves and overcoming the
turbulent, excited condition,
which is the cause of pain.

"We used Dr. Miles' Anti-Pain Pills
in our family for five years, and I
would not like to do without them.
Before I found this remedy I would
have spent of sick headache so severe
as to keep me in bed for days, and
as many as 48 hours at a time. The
Anti-Pain Pills stop the pain in a
few minutes. I have a great deal of
neuralgia around the head, and the
Pain Pills also relieve that. I now
take them when I think I will have
an attack, and they stop it right
then. I also notice that I do not have
these spells nearly so frequently as
formerly."

caught me, but he cannot do it from
